Dear Parent/Carer,

I am writing to inform you that your child has been selected to take part in the Prince's Trust Achieve programme.

The Prince's Trust is a national youth charity that supports young people aged 11 to 30, to build skills and confidence and find employment through our employability, enterprise, and education programmes.

The Achieve programme is one of The Prince's Trust's education programmes; Achieve provides opportunities for students to learn new skills, develop confidence and reengage with their learning to ensure they reach their full potential.

While on the programme, young people will have the opportunity to take part in a wide variety of activities related to Skills for School, Personal, Social Development, Life Skills, Active Citizenship, Enterprise Projects and Preparation for Work.

The programme will be delivered by teaching staff who have been trained by The Prince's Trust. The programme will be delivered on the school premises; if any activities take part outside of the school premises additional permission will be asked for.

During the programme they will be able to:

- Take responsibility for setting and achieving their own goals
- Build confidence
- Help develop the skills needed to achieve their future goals
- Work towards a qualification where appropriate

The Prince's Trust has two qualifications in Personal Development and Employability Skills and Developing Resilience which can be achieved at a range of levels and sizes. Over the course of the programme, young people will be given the opportunity to work toward a qualification.

All parents/ carers must be informed about their child's involvement in the programme and their data being shared with The Prince's Trust, you will find more information on our Young People Privacy Notice www.princes-trust.org.uk/privacy-notice/young-people-privacy-notice.
