

Labour Market Information (LMI)

WHAT IS IT?

Labour market information is region specific, and it tells you about the current work and job environments.

WHY IS IT IMPORTANT?

- LMI highlights the fantastic career opportunities available across the county
- It helps decode the world of work by breaking it down into digestible chunks
- LMI is important for social mobility, young people should be more equipped to understand what is on offer in their region and how to get there by making informed decisions about their future career choices.

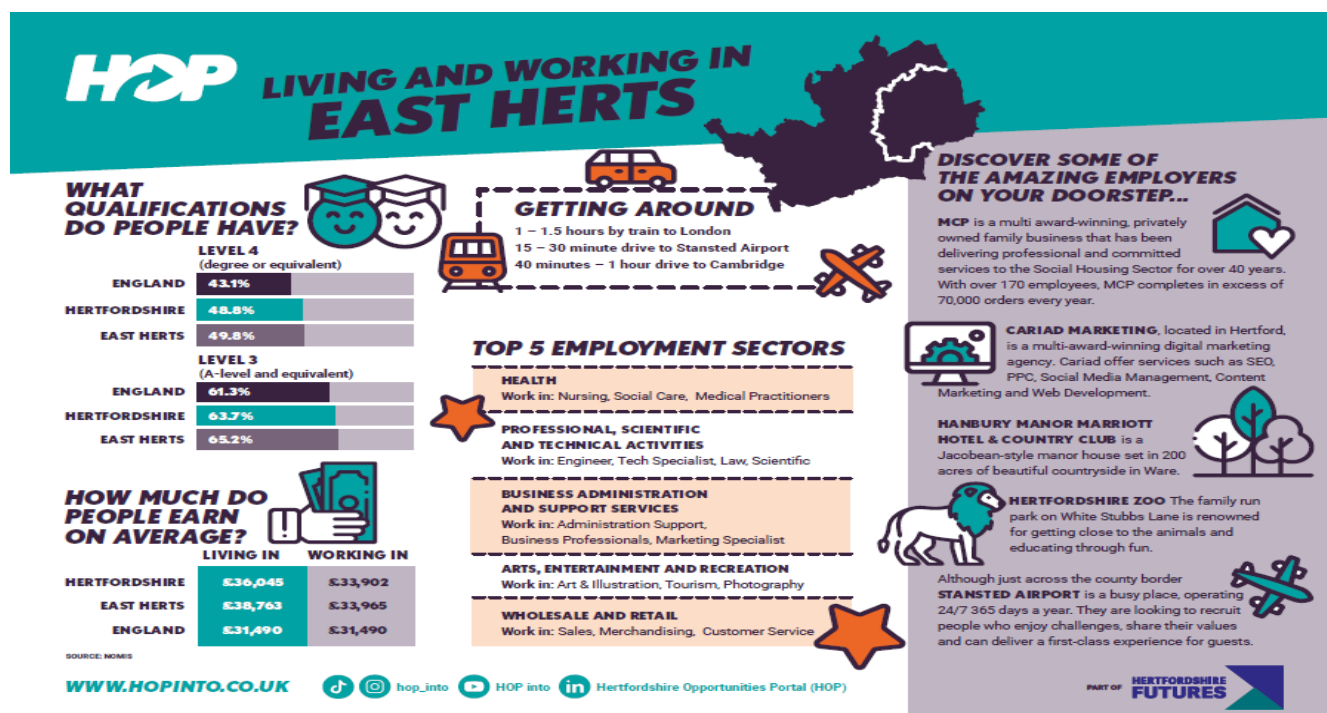

LEARN ABOUT HERTFORDSHIRE'S TOP EMPLOYMENT SECTORS

- In Hertfordshire there are industries that require talented people now and, in the future, so it is important when choosing your career to understand the main purpose of these industries, what skills are needed and why the sector could be right for you.
- Click on the industry through the link below to explore each sector in more detail and discover employers near you. <https://www.hopinto.co.uk/explore-careers/resources/using-labour-market-information/>

DISTRICT

The Hertfordshire opportunities Portal (HOP) has also developed a set of infographics describing each of Hertfordshire's ten districts to educate young people on the local labour market, with essential information on qualifications and earnings by place of residence, top employment sectors, and local employers, as well as about Hertfordshire's key industry sectors.

Here are examples of local Labour Market Information in East Herts and Broxbourne. Further afield districts are available through the link above.
